

PUBLIC NOTICE

PERMIT APPLICATION: NRS #05.456

APPLICANT: State of Tennessee
Department of Transportation
Environmental Planning and Permits Division
Suite 900, J. K. Polk Bldg.
505 Deaderick Street
Nashville, TN 37243-0334
615-253-2441

LOCATION: SR-333/334 at Topside Road, Lackey Creek
Blount County

WATERSHED DESCRIPTION: The Lackey Creek watershed consists of numerous small wet weather and intermittent streams draining a narrow valley west of McGhee Tyson Airport. Land use is predominantly rural. The intermittent unnamed tributary to Lackey Creek is primarily sand/mud bottomed and varies in width approximately 8" to 1 foot wide with 1-foot banks. The existing vegetation along the stream channel is grasses and shrub.

PROJECT DESCRIPTION: The applicant proposes to reconstruct 0.214 miles of Sr-333/334 at Topside Road. At Station 16+10+/- (Lt) to Station 18+40+/- (Lt.) the existing 28 ft. of 15" corrugated metal pipe would be replaced with 27 ft. of 18" corrugated metal pipe. The existing 196 ft. of open intermittent channel would be relocated into a channel 200 ft. in length matching the existing stream morphology and flow. Standard erosion control devices would be used to prevent sediment from entering flowing water. Upon completion of the work, all disturbed areas would be stabilized.

TO WHOM IT MAY CONCERN: The application described above has been submitted for an Aquatic Resource Alteration Permit pursuant to *The Tennessee Water Quality Control Act of 1977*, T.C.A. §69-3-108.

The purpose of this notice is to advise all concerned of the proposal for which a permit is sought, and to solicit comments and information necessary to evaluate the probable impact of the activities upon the respective water resources. The decision whether to issue or deny will in part be based upon that evaluation. All factors that may be relevant to the proposals will be considered.

Persons wishing to comment on or object to the issuance of a proposed permit are invited to submit comments in writing to the Department of Environment and Conservation Division of Water Pollution Control at the address listed above. Written statements received in this office on or before the date of expiration of the comment period thirty days from the publication date of this notice will become part of the record and will be considered in the determination. The applicant's name and permit number should be referenced.

Interested persons may also request in writing that the director of the Division hold a public hearing on any application. The request must be filed within the comment period and must

indicate the interest of the person requesting it, and the reasons that the hearing is warranted. When there is sufficient public interest, the director shall hold a hearing in accordance with Rule 1200-4-7-.04(4)(f).

After consideration of comments submitted during the public comment period, the hearing record if any, and the requirements of federal and State law, the director of the Division will make determinations regarding the final action on each permit. Permit applications, supporting documentation, and related comments are available for review and/or copying.

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.
